a) Statement of compliance

Condensed consolidated financial statements are prepared in accordance with the requirements of Capital Markets Board (“CMB”) Communiqué Serial II, No: 14.1 “Basis of Financial Reporting in Capital Markets”, which were published in the Official Gazette No:28676 on 13 June 2013. TÜRK TUBORG BİRA VE MALT SANAYİİ A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 30 SEPTEMBER 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise indicated.)

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Condensed consolidated financial statements and its notes are also presented in accordance with the model requirements as announced by both the CMB's statement issued on 7 June 2013 and 15 July 2016, and Financial Statement Formats and Guidance issued by POAASA on 7 June 2019.

In compliance with the TAS 34, entities have preference in presenting their consolidated interim financial statements whether full set or condensed. In this framework, the Group preferred to present its interim financial statements in condensed.

Group's condensed interim financial statements do not include all disclosure and notes that should be included at year-end financial statements. Therefore the condensed interim financial statements should be examined together with the financial statements of 31 December 2020.

The Group and its subsidiary operating in Turkey maintains its accounting records and prepare its statutory financial statements in accordance with the principles and requirements issued by CMB, Turkish Commercial Code ("TCC"), tax legislation and the uniform chart of accounts issued by the Ministry of Finance. The condensed consolidated financial statements, except for financial assets and liabilities presented with their fair values, are maintained under historical cost conversion in TL.

b) Presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The condensed consolidated financial statements are presented in TL, which is the parent Company's functional and presentation currency.

c) Adjustment of financial statements in hyperinflationary economies

With the decision taken on 17 March 2005, the CMB announced that, effective from 1 January 2005, the application of inflation accounting is no longer required for companies operating in Turkey and preparing their financial statements in accordance with the Turkish Accounting Standards. Accordingly, TAS 29, "Financial Reporting in Hyperinflationary Economies", has not been applied in the consolidated financial statements for the accounting year commencing from 1 January 2005.

d) Basis of consolidation

The condensed consolidated financial statements incorporate the financial statements of the Company and its subsidiary. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee;
- has the ability to use its power to affect its returns.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements;
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 30 SEPTEMBER 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise indicated.)

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

The details of the Company's subsidiary as at 30 September 2021 and 31 December 2020 are as follows:

<u>Subsidiary</u>	<u>Location of incorporation</u>	<u>Participation rate (%)</u>	<u>Voting power (%)</u>	<u>Core business</u>
Tuborg Pazarlama A.Ş.	Turkey	99,99	99,99	Selling and distribution of beer

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the company ceases to control the subsidiary.

The financial statements and the profit or loss and other comprehensive income statements of the Subsidiary are condensed consolidated using the full consolidation method.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests are not separately reported in the materiality principle of the accounting.

e) Comparatives and restatement of prior year consolidated financial statements

In order to allow the determination of the financial position and performance of the Group's condensed consolidated financial statements are prepared in comparison with the previous period. When it is necessary, comparative figures are reclassified to comply with the presentation of the condensed consolidated financial statements for the period and significant differences are disclosed.

2.2 Important Developments Regarding the Current Period

Necessary actions have been taken by the Group management to minimize the possible effects of COVID-19 on the Group's operations and financial position.

Due to the epidemic of COVID-19, which affected the whole world, the slowdown in economic activities, supply, production and sales has occurred in the country and sector where the Company operates and, in the countries, where the sales are made in parallel with the developments in general economic activities. In this process, the necessary actions were taken by the Group to minimize investment expenditures, operational expenses and inventory, also cash management strategy was reconsidered in order to strengthen the Group's liquidity position.

With the reduction of restrictions to prevent the spread of the epidemic, production and sales activities continue uninterrupted as of the date of the balance sheet.

Companies file their tax returns within the 25th of the fourth month following the close of the financial year to which they relate. Tax returns are open for 5 years from the beginning of the year that follows the date of filing, during which time the tax authorities have the right to examine tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

Dividends paid to non-resident corporations, which have a place of business in Turkey, or resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15% (31 December 2020: 15%). An increase in capital via issuing bonus shares is not considered as a profit distribution and thus does not incur withholding tax.
